

## It's your contract - Show your support!

**N**egotiations for our next collective agreement are set to start on Wednesday, October 1, and the results will affect every OPSEU member at OPTrust.

Why? Because our new contract will set out our salaries, benefits and working conditions for the next several years.

So the next few weeks are important. That's why now is a perfect time to give OPTrust management a friendly reminder that your contract matters – and that you are paying attention.

**You can help.** How? By wearing an "I'm plugged in" sticker at work every day, starting Friday, Sept. 26, through to October 1.

Remember, your support will help our OPSEU bargaining team deliver a fair contract that deals with your issues.

### Mobilizing Committee launched

**B**argaining is partly about telling the employer what we want. It's also about showing how much we want it. To help make sure both messages get across, OPSEU members at OPTrust are launching a new Mobilizing Committee.

The committee's job is to come up with ways that we can show our support for our bargaining team – and a fair contract. It will also help keep members informed throughout the bargaining process.
